

# XPANDER

---

  
MITSUBISHI  
MOTORS  
Drive your Ambition

## A Brand New Journey

Introducing the new XPANDER.  
Completely redesigned for the modern world,  
the XPANDER enhances your journey,  
no matter where or how far you go.  
With exceptional comfort and  
convenient features for every passenger,  
and capability you can count on,  
the XPANDER provides  
an enjoyable driving experience  
for the whole family.

**Drive your Ambition**

A pleasure  
for all senses.

**Refinement that makes you smile.**

The modern and stylish interior lined with soft-touch materials pleases all the senses. Enjoy the dependable SUV feel of the solid and sleek instrument panel that expands from end to end along a sturdy horizontal axis to provide a clear front view that makes driving more enjoyable and stress-free. Conveniences like the new digital air conditioning panel that's easier to use and 2nd row armrest cup holders provide everyone with a pleasant drive.

Note: Some equipment may vary by market. Please consult your local MITSUBISHI MOTORS dealer/distributor for details.

PAGE 2

### High ground clearance and high driving view

Top-level ground clearance and a high driving position allow confident and comfortable driving on bumpy or uneven roads and a clear view of the road ahead.

Eye point height:

1,340mm

Minimum ground clearance:

225mm

**Smoother, smarter  
and more confident.**

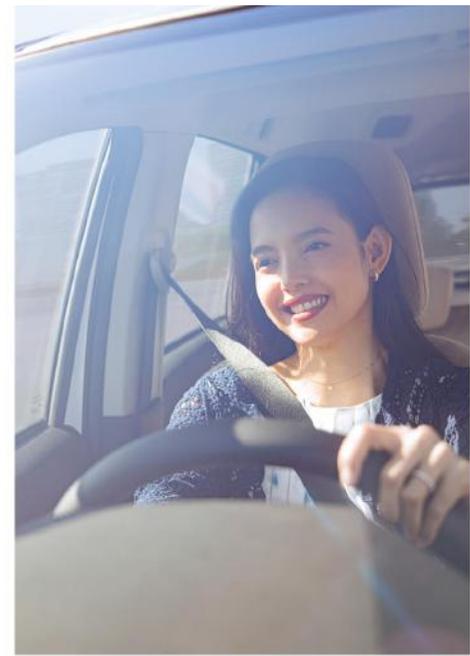

## Put your mind at ease.

Active Stability Control [ASC]. The control capabilities of ASC are supplemental only. Please drive safely and never rely solely on these functions whilst driving. Be sure to use the same specified type and size of tyres on all 4 wheels. Do not install any aftermarket limited slip differential on your vehicle.

Anti-lock Brake System [ABS]. ABS can help the driver maintain control whilst braking, but is never a substitute for safe driving. ABS does not always reduce stopping distances, which may be influenced by many factors including road surface conditions and friction between the tyres and road surface.

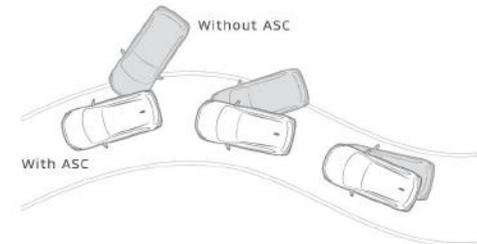

Please see the owner's manual for additional information.

Note: Some equipment may vary by market. Please consult your local MITSUBISHI MOTORS dealer/distributor for details.

### Active Stability Control [ASC]

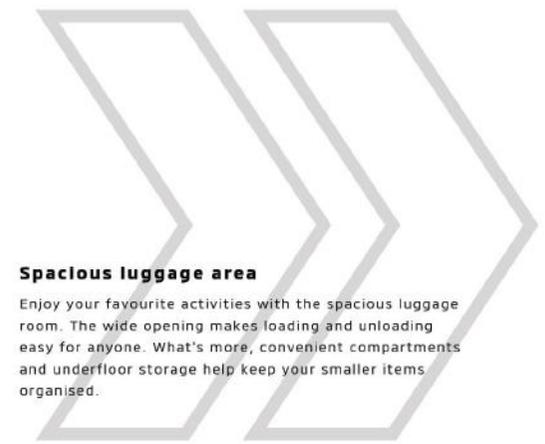

Maintain control on slippery roads and around turns. ASC automatically adjusts engine output and applies the brakes where needed to prevent skidding if wheels lose their grip.

### Anti-lock Brake System [ABS]

Brake safely on slippery roads. ABS helps the wheels from locking up when braking.

### Spacious luggage area

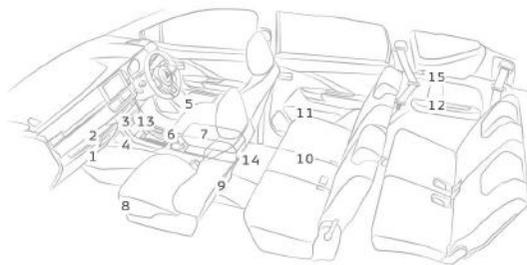

Enjoy your favourite activities with the spacious luggage room. The wide opening makes loading and unloading easy for anyone. What's more, convenient compartments and underfloor storage help keep your smaller items organised.

Underfloor luggage area storage

Rear luggage compartment

### Convenient storage & power outlets for all passengers

Keep your interior clean and organised with smart storage solutions. With power outlets on every row, all passengers can keep their smartphones, tablets, or other electronic devices charged.

1 Glove box

2 Passenger side instrument panel tray

3 Front console open tray

4 Instrument panel side pocket

5 Door pocket (Front door)

6 Cup holder (Floor console x 2)

7 Floor console box with tissue box holder

8 Passenger seat under tray

9 Seatback pocket

10 Cup holder (2nd row seat centre armrest x 2)

11 Door pocket (Rear door)

12 Rear quarter trim storage

13 Accessory socket (DC12V) (Instrument panel)\*

14 USB port for charging for 2nd row seat (Type A and C)

15 Accessory socket (DC12V) (Rear quarter trim)\*

\*DC12V USB adapters not included.

### Spacious cabin and versatile seating arrangements

Flexible seating configurations provide support for all your favourite activities. Load items easily by folding down the second and third row seats, or fold the second row armrest to store long items.

Where your journey begins.

# FEATURE HIGHLIGHTS

## Safety

High Tensile Strength Steel  
 — 980 MPa class  
 — 500 MPa class  
 — 440 MPa class

### RISE body

RISE (Reinforced Impact Safety Evolution) body helps keep everyone safe in the event of a collision by efficiently absorbing energy and maintaining high cabin integrity.

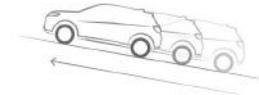

### Driver and passenger SRS airbags

The driver and passenger SRS airbags protect front occupants by absorbing impact force to help keep them safe in frontal collisions.

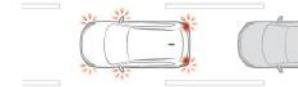

### Pretensioners

Pretensioners help reduce frontal impact force in frontal collisions when used with seatbelts. Front seatbelt pretensioners automatically tighten in a collision to help restrain front occupants.

### Hill Start Assist [HSA]

For peace of mind during stop-and-go uphill driving, HSA maintains braking force until the accelerator is pressed to prevent the vehicle from rolling backwards.

### Emergency Stop Signal system [ESS]

**Prevent being rear-ended.**  
 ESS automatically flashes the hazards during sudden braking or when ABS is activated to warn following vehicles.

## Utility

### Tilt and telescopic steering wheel

Enjoy your drive in comfort. The steering wheel can be adjusted up, down, forwards, and backwards to find the ideal driving position for any driver.

### Smartphone-link Display Audio (SDA) infotainment

7" touchscreen infotainment system with Bluetooth, Apple CarPlay/Android Auto and AM/FM Radio to entertain driver & passengers on daily commutes and long distances.

### Animated LCD meter graphic speedometer display

Multi-colour LCD display with animation.

### Rear manual cooler

Keep everyone comfortable even in hot weather. Rear passengers can conveniently use the knob to control airflow.

### Keyless Operation System [KOS] + Engine switch

Conveniently unlock the doors by pressing the switch on the front doors pressing the switch on the front doors or tailgate whilst carrying your key fob on you. Once inside, start the engine by pressing the switch whilst holding the brake pedal down.

## Mechanism

### Responsive 1.5L MIVEC engine

The spirited 16-valve DOHC engine with advanced MIVEC\* puts ample power at your command – more than enough to carry seven adults up steep mountain roads with ease.

\*Mitsubishi Innovative Valve timing Electronic Control system

Front suspension

Rear suspension

### Flat and comfortable ride

Enjoy your drive in comfort. A reinforced suspension system with high-performance shock absorbers provides stable handling and exceptional ride comfort.

To achieve a surprisingly quiet interior, certain areas of the body are covered with high-performance sound absorbing and vibration blocking material.

INSULATOR ABSORBER

INSULATOR ABSORBER

## Exterior

### 17" alloy wheels

New 17" alloy wheels.

### Rear combination light

Be seen better in the dark. The rear combination lights with LED help keep your vehicle clearly visible from behind.

### Shark-fin antenna

The shark-fin antenna's sharp design complements the vehicle's dynamic exterior styling.

Hill Start Assist [HSA]: HSA is not a substitute for safe driving. Never rely solely on this function whilst driving on steep roads. Your vehicle may move backwards if the brake pedal is not sufficiently depressed, if the vehicle is heavily loaded, or if the road is very steep or slippery. This function is not designed to keep the vehicle stopped in place on uphill slopes for more than 2 seconds. Do not rely on this function to maintain a stopped position as an alternative to depressing the brake pedal. Please see the owner's manual for additional information.

## Body colours

Quartz White Pearl (W81)

Blade Silver Metallic (U33)

Graphite Grey Metallic (U28)

Jet Black Mica (X37)

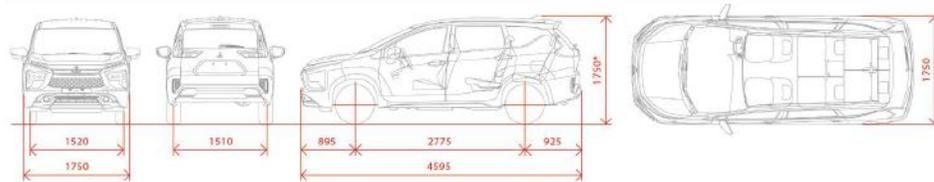

Deep Bronze Metallic (C17)

Red Metallic (P26)
