

# ***PAJERO SPORT***

# Elevate your Journey

## SHARE THE JOURNEY IN LUXURY

Treat your guests with the luxury they deserve. From elegant leather seats with dual layered cushioning and relaxing spaciousness, to small details such as flat accent grips, double-stitched PVC door grips, two-tone black power window switch panels and large single-stitched soft ornaments and decorations, the cabin will awe everybody on board.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

**Bluetooth® hands-free kit**

Keep in touch while keeping safely in control with the hands-free kit. Link your Bluetooth®-compatible mobile phone, and the voice-activated dialer lets you make calls while holding the wheel.

Note: The Bluetooth® word mark and logos are registered trademarks owned by the Bluetooth SIG, Inc. and any use of such marks by MITSUBISHI MOTORS CORPORATION is under license.

**USB / HDMI port**

The port is conveniently located near the instrument panel, allowing easy access from both front seats.

**Navigation**

Multifunctional memory navigation with high resolution, high definition WVGA display includes a user-friendly interface and voice command functions. It also displays the traffic information and current speed limit for easier recognition and safer driving.

**Android Auto™** androidauto

Use Google Maps via your 8 inch center display. Voice activation capabilities allow hands-free use. Conveniently use your favorite apps in your car.

- 1 Maps
- 2 Google Assistant
- 3 Phone
- 4 Apps

For more information: [www.android.com/auto/](http://www.android.com/auto/)

**Apple CarPlay™** Works with Apple CarPlay

You can use a number of audio, messaging, voice calling, and 3rd party navigation apps from your iPhone with CarPlay.

- 1 Maps
- 2 Siri
- 3 Phone
- 4 Some supported 3rd party apps

For more information: [www.apple.com/ios/carplay/](http://www.apple.com/ios/carplay/)

**Smartphone-link Display Audio (SDA)**

This updated infotainment feature is easier to see with its 8 inch display screen. Stay entertained by playing videos stored in any USB stick conveniently on your screen. The available TomTom navigation system\* shows real-time traffic information\*\* so you can enjoy an overall more user-friendly driving experience.

\*Navigation system is not available for some countries.  
 \*\*TomTom is a registered trademark of TomTom International BV.  
 \*\* Internet connection with a smartphone is required for real-time traffic information. Roaming service charge will vary according to the telecom carrier.

- 8 inch wide screen
- AM/FM
- Music/Hands-free phone via Bluetooth®
- USB/HDMI ports
- Navigation
- Multi Around Monitor

Note:  
 ■ Google, Android, Android Auto and other related marks are trademarks of Google LLC.  
 ■ iPhone, Siri and Apple CarPlay are trademarks of Apple Inc., registered in the U.S. and other countries.  
 ■ Android Auto requires the Android Auto app on Google Play and an Android compatible smartphone running Android™ 5.0 Lollipop or higher.  
 ■ Apple CarPlay requires an iPhone with iOS 8 or higher.  
 ■ Despite the expansion of supporting countries, Android Auto and Apple CarPlay are NOT available in some markets. Please check the website for the latest information on availability.  
 – Android Auto: <https://www.android.com/auto/#country-list>  
 – Apple CarPlay: <http://www.apple.com/ios/feature-availability/#applecarplay-applecarplay>  
 ■ Android Auto and Apple CarPlay may not work under weak or no network condition even in supported areas.

■ Customer is responsible for all communication fees. Also customer may be charged extra fees based on their contracted price plan by the telecom carriers.  
 ■ Customer may be requested to subscribe for roaming services by the telecom carriers when using in other countries.  
 ■ Not all smartphone Apps are compatible with Android Auto or Apple CarPlay. For safety reasons, only compatible apps are available in this Smartphone-link Display Audio.  
 ■ Some features or apps may not be available for all countries or all areas.  
 ■ The images used may not reflect the latest updates.  
 ■ Please check this website to confirm smartphones compatibility with Smartphone-link Display Audio. <http://www.iopinfo-sda.mitsubishi-motors.com/cs/bt/index.php>  
 ■ It does not have navigation function in the SDA itself.

# ADVANCED SAFETY

## Forward Collision Mitigation system [FCM]

Helps prevent a frontal collision or reduce damage if the collision becomes unavoidable. Responds to vehicles via radar.

### Danger of collision

Warning + braking assistance

### High danger of collision

Warning + auto braking

### Extremely high danger of collision

Warning + strong auto braking

**BRAKE!**

FCM indication on 8 inch color LCD meter

## Adaptive Cruise Control [ACC]

Maintains a selected distance between your vehicle and the car ahead via radar to lend driving assistance and enhance driving comfort. It especially reduces driver stress during slow traffic jams on highways.

### No vehicle in front

Your selected speed is maintained even if you remove your foot from the accelerator pedal.

### Vehicle in front

Your selected distance between vehicles is maintained.

### Vehicle in front (slowing/stopping)

When the vehicle in front slows or stops, ACC slows or stops your vehicle.

ACC indication on 8 inch color LCD meter

## Multi Around Monitor

The views from cameras mounted on the front, rear and sides of the vehicle (including a bird's-eye view) can be displayed in various combinations to reveal what is in blind spots and help you park more safely. In addition, front and rear ultrasonic sensors alert the driver with color flashes when the vehicle is near an obstacle.

Rear view + Bird's eye view

## Electronic parking brake

The parking brake is easy to operate via a stylish switch. Simply pull the switch up to apply the parking brake or push the switch down to release it. In addition, an auto parking brake function automatically locks or releases the parking brake according to the shift lever position.

## Brake Auto Hold

Brake Auto Hold enhances driving comfort and reduces stress by keeping the vehicle stationary even if you release the brake pedal. Stepping on the accelerator will release the brakes.

Note:

FCM: The detection and control capabilities of the Forward Collision Mitigation system [FCM] are supplemental only and do not prevent collisions in every situation. Please drive safely and do not rely solely on this system while driving. FCM may not activate in some situations. Please read the owner's manual carefully and be aware of these limitations. Auto braking does not operate against stationary vehicles when the speed of your car is above approx. 30km/h. Since FCM has no function to maintain braking, the brake is released approximately 2 seconds after stopping. To prevent the vehicle from moving thereafter, the driver may have to hold the brake pedal down. In some cases, FCM may not function if the driver takes actions for accident avoidance through steering or acceleration operation.

ACC: The detection and control capabilities of ACC are supplemental only. Please drive safely and never rely solely on these functions while driving. ACC may not activate in some situations. This system may not correctly detect the actual situation depending on the type of vehicle in front and its conditions, the weather conditions, and the road conditions. Additionally, the system may be unable to decelerate sufficiently if the vehicle in front applies the brakes suddenly or another vehicle cuts into your path, so your vehicle approaches the front vehicle. When the car stops, ACC finishes its control and the brake is released approximately 2 seconds after stopping. To prevent the vehicle from moving thereafter, the driver may have to hold the brake pedal down. Please see the owner's manual for additional information.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

## RISE body

Collision safety performance is significantly enhanced by Mitsubishi Motors' RISE (Reinforced Impact Safety Evolution) body, which efficiently absorbs energy and maintains high cabin integrity in the event of a collision.

## Rigid lightweight body

The body is extremely sturdy and lightweight, due to the generous use of high tensile strength steel plates that also contribute to a high level of collision safety.

## 7 SRS airbags\*

In the event of a collision, seven SRS airbags help protect you and your passengers by absorbing the force of impact. The system includes front airbags, front side airbags, curtain airbags (including third-row curtain airbags in the 7-seater) and a driver's knee airbag. \*Front airbags are standard. Side, curtain and driver's knee airbags are optional.

Note:

Brake Auto Hold: This function will not operate when the shift lever is in "P" or "R" position, when electronic parking brake is activated, and when the vehicle is on a steep slope. Do not leave the vehicle when Brake Auto Hold is activated. Do not use Brake Auto Hold on a slippery road surface and when the vehicle is being towed. Please see the owner's manual for additional information.

Airbags are part of a Supplemental Restraint System [SRS]. To decrease the risk of injury from a deploying airbag, always wear your seatbelt, sit upright in the middle of the seat and do not lean against the door. Always place children 12 and under in the rear seat and use appropriate child restraints. Never place a rear-facing infant restraint in the front seat. Please see the owner's manual and the instructions provided with your child restraint for additional information.

## DYNAMIC POWER

Remarkable fuel economy. Extremely low CO<sub>2</sub> emissions. An exceptionally lightweight 2.4-liter turbo diesel engine produces all the power and efficiency you need, courtesy of class-leading advanced features including an aluminum cylinder block and precision common rail direct injection system.

### 2.4-liter MIVEC Direct Injection Diesel

Quiet, powerful and fuel efficient, this lightweight diesel engine delivers an rpm range for a highly satisfying response during everyday driving.

2.4-liter MIVEC intercooled turbocharged DI-D (133kW/3500rpm)

### 8-speed automatic transmission

To enjoy a smoother, more luxurious ride and improved fuel efficiency, choose the 8-speed automatic transmission – the first from Mitsubishi Motors.

### Paddle shifters

Sporty paddle shifters let you shift gears with a press, without removing your hand from the steering wheel.

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

**SUPER SELECT 4WD-II**  
C/D LOCK  
**2H**  
For normal road conditions

**SUPER SELECT 4WD-II**  
C/D LOCK  
**4H**  
For rough roads and hazardous conditions

**SUPER SELECT 4WD-II**  
C/D LOCK  
**4HLC**  
For rugged terrain with low-grip surfaces

**SUPER SELECT 4WD-II**  
C/D LOCK  
**4LLc**  
For rocks, mud, sand, deep snow, etc.

## ALL-TERRAIN CONFIDENCE

Built for maximum stability and traction, the rugged frame and aerodynamically contoured body contribute to solid handling and stable highway performance. Reliable 4WD traction combines with an advanced suspension to keep you in touch with surface conditions so you stay in firm control.

### SUPER SELECT 4WD-II

Using the drive mode selector dial, you can switch between 2WD (2H) and 4WD (4H, 4HLC, 4LLc). When the going gets rough, lock the center differential by entering the 4HLC setting for rugged terrain or the 4LLc setting for inclines, mud and snow.

Note: Super Select 4WD-II lets you shift between 2H, 4H and 4HLC modes at speeds up to 100km/h. Vehicle must be stopped when switching between 4HLC and 4LLc. Please see the owner's manual for additional information.

### OFF ROAD MODE

#### OFF ROAD MODE

Improve traction when driving off road by entering the GRAVEL, MUD/SNOW, SAND or ROCK\* setting. Simply press the OFF ROAD MODE selector until the appropriate mode appears in the multi-information display and 8 inch color LCD meter. Engine output, transmission settings and braking adjust accordingly to optimize performance.

Note: OFF ROAD MODE is only available in the 4HLC and 4LLc settings. \*The ROCK setting is only available in the 4LLc setting.

#### Hill Descent Control [HDC]

Pressing the HDC mode selector activates the HDC, which automatically applies the brakes to maintain your current speed when traveling downhill. This lets you concentrate on steering and travel downhill with greater safety without having to manually apply the brakes. HDC can be activated at 2 - 20km/h.

Note: Hill Descent Control [HDC] is not a substitute for safe driving. Never rely solely on this function while driving on steep roads. When driving on slippery roads such as muddy, icy or unpaved road, your vehicle will not allow you to stay at a certain low speed, which may lead to a serious accident. Please see the owner's manual for additional information.

#### Rear differential lock

Locking the rear differential minimizes differences in rotation between the rear wheels to ensure robust traction even on sand, mud and rocky surfaces.

Note: Rear differential lock is available when switching between 4HLC and 4LLc modes. Vehicle must be stopped in rear differential lock switching.

#### Active Stability and Traction Control [ASTC]

Active Stability & Traction Control independently regulates braking force to the wheels during cornering to help maintain excellent vehicle stability when needed. It also optimizes traction to prevent loss of torque whenever wheel spin is detected by controlling engine output and applying brake force to the spinning wheels.

Note: The control capabilities of ASTC are supplemental only. Please drive safely and never rely solely on these functions while driving. Be sure to use the same specified type and size of tires on all 4 wheels. Do not install any aftermarket limited slip differential on your vehicle. Please see the owner's manual for additional information.

#### Hill Start Assist [HSA]

When starting on a steep slope, HSA helps prevent you from rolling backwards while you release the brake by maintaining the braking force for up to two seconds until the accelerator is applied.

Note: Hill Start Assist [HSA] is not a substitute for safe driving. Never rely solely on this function while driving on steep roads. Your vehicle may move backwards if the brake pedal is heavily loaded, or if the road is very steep or slippery. This function is not designed to keep the vehicle stopped in place on uphill slopes for more than 2 seconds. Do not rely on this function to maintain a stopped position as an alternative to depressing the brake pedal. Please see the owner's manual for additional information.

## ROBUST MANEUVERABILITY

Designed to climb up, over, around and through the toughest terrain, the outstanding 4WD performance and high obstacle clearances make challenges of all shapes and sizes easy.

### All-terrain confidence

Because challenges come in all shapes and sizes, this model is designed to climb up, over, around and through the toughest terrain.

\*1 30° approach angle is only applicable to models without optional accessories  
\*2 24.6° departure angle when 265/70R16 tires are mounted

### Class-leading 5.6m turning radius

The turning radius is surprisingly small for a vehicle of this size, making it especially easy to park and maneuver.

**5.6 meters**

Note: Equipment may vary by market. Please consult your local Mitsubishi Motors dealer/distributor for details.

**STANDARD EQUIPMENT AND OPTIONS**

**Dual-zone automatic climate control**

The powerful air conditioner provides separate temperature settings for the driver and front passenger.

The system also includes nanoe™\* technology, producing fine particle ions wrapped in atomized water that's gentle to the skin and hair. In addition to purifying the cabin air, everyone on board can enjoy a beauty treatment at the same time.

\*"nanoe" and the "nanoe" mark are trademarks of Panasonic Corporation.

**Powerful front and rear air flow**

The air conditioning system now provides significantly more powerful cooling with top-class air flow that keeps all passengers comfortable even in the hottest weather.

**AC power outlet and USB port for charging**

An AC power outlet and USB power supply on the rear panel of the console allow 2nd-row passengers to connect electronic devices up to 150W.

Note: The maximum voltage and plug type may vary depending on market

**Soft-padded front console garnish and console lower tray**

The stylish double-stitched front console garnish is formed with soft padding for extra knee space to enhance driving comfort. A handy front tray for storing items such as a smartphone or mini tissue box, and an under tray for small items are also included for convenience.

**Cargo space**

1 Third-row seatbacks folded down

2 Second and third-row seatbacks folded down

**Roof spoiler**

The roof spoiler further enhances the dynamic look and feel.

**Shark fin antenna**

**EXTERIOR COLORS**

**Graphite Gray Metallic (2-Tone Roof)**

**White Diamond (2-Tone Roof)**

**Jet Black Mica**
