

# XPANDER

  
MITSUBISHI  
MOTORS  
Drive your Ambition

## Confidence for Every Journey

The all-new XPANDER is your trusted partner – as a reliable family companion, it's built to support your daily life with confidence and comfort. With bold new styling and enhanced interior features, it delivers a more refined and enjoyable driving experience for everyone on board.

## Smoother, Smarter, and More Confident

What the XPANDER delivers is a step ahead in driving comfort with an optimized driving position and clear forward visibility. Now, take your family into a world where everyday life shines brighter.

### High ground clearance and high driving view

Top-level ground clearance and a high driving position allow confident and comfortable driving on bumpy or uneven roads and a clear view of the road ahead.

Eye point height: 1,340mm

Minimum ground clearance: 225mm

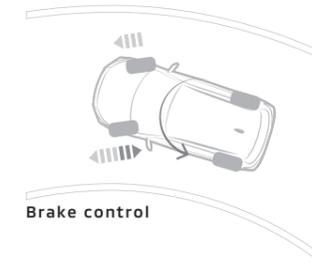

# Any Day, Any Road

With newly equipped features like Active Yaw Control [AYC], the XPANDER delivers confident control in any weather or road condition – providing a safe and reassuring ride for the whole family.

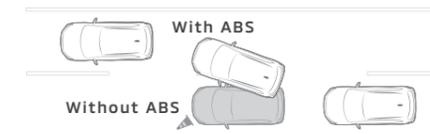

## Active Yaw Control [AYC]

AYC improves cornering by adjusting drive and brake force based on driver input and vehicle data—visible in real time on the LCD meter.

## Anti-lock Brake System [ABS]

Brake safely on slippery roads. ABS helps the wheels from locking up when braking.

**Anti-lock Brake System [ABS]:** ABS can help the driver maintain control whilst braking, but is never a substitute for safe driving. ABS does not always reduce stopping distances, which may be influenced by many factors including road surface conditions and friction between the tyres and road surface.

Please see the owner's manual for additional information.

# Endless Ease. Limitless Comfort

New seats with refined comfort and advanced features. A premium interior that satisfies through both sight and touch. This is where your family's journey begins.

## Comfortable, convenient, and enjoyable for all

The 3-spoke steering wheel is easy to grip and exudes a sense of luxury and sportiness. The advanced display makes driving even more comfortable and enjoyable.

Steering Wheel

7-Inch Display

## Spacious cabin and versatile seating arrangements

Flexible seating configurations support all your favourite activities. Load items easily by folding down the second and third-row seats, or fold the second-row armrest to store long items.

4-SEATER

2-SEATER

## FEATURE HIGHLIGHTS

### Safety

#### RISE body

RISE (Reinforced Impact Safety Evolution) absorbs impact energy and maintains cabin integrity to help keep you safe in a collision.

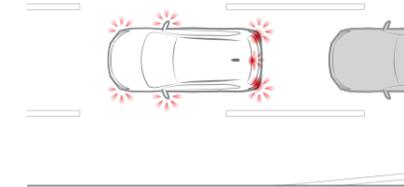

#### Driver and passenger SRS airbags

The driver and passenger SRS airbags protect front occupants by absorbing impact force to help keep them safe in frontal collisions.

#### Pretensioners

In a frontal collision, front seatbelt pretensioners tighten to reduce impact and help keep occupants in place.

#### Emergency Stop Signal system [ESS]

To help prevent rear-end collisions, ESS flashes the hazard lights during sudden braking or ABS activation.

### Utility

#### Tilt and telescopic steering wheel

Enjoy a comfortable drive with a steering wheel that adjusts in four directions for your ideal position.

#### Rear manual cooler

Keep everyone comfortable in the heat. Rear passengers can adjust airflow with a simple knob.

#### Keyless Operation System [KOS] + engine switch

Unlock the doors with a switch whilst carrying the key fob. Start the engine with a button whilst holding the brake.

### Exterior

#### LED headlight (High/Low beam)

Both the high and low beams are LED-powered for improved brightness and illumination.

#### Rear combination light

Stay visible at night with rear combination lights featuring LEDs for clear visibility from behind.

#### Shark-fin antenna

The shark-fin antenna's sleek design complements the vehicle's dynamic exterior styling.

### Mechanism

#### Responsive 1.5L MIVEC engine

The 16-valve DOHC engine with MIVEC\* delivers enough power to carry seven adults up steep roads with ease.

\*Mitsubishi Innovative Valve timing ElectronicControl system

Front suspension

Rear suspension

INSULATOR ABSORBER  
 INSULATOR ABSORBER

#### Flat and comfortable ride

Enjoy a smooth, quiet ride. Reinforced suspension and high-performance shock absorbers deliver stable handling and exceptional comfort, whilst sound-absorbing and vibration-blocking materials help create a surprisingly quiet cabin.

Hill Start Assist [HSA]: HSA is not a substitute for safe driving. Never rely solely on this function whilst driving on steep roads. Your vehicle may move backwards if the brake pedal is not sufficiently depressed, if the vehicle is heavily loaded, or if the road is very steep or slippery. This function is not designed to keep the vehicle stopped in place on uphill slopes for more than 2 seconds. Do not rely on this function to maintain a stopped position as an alternative to depressing the brake pedal. Please see the owner's manual for additional information.

# 2WD 1.5-Litre 4AT

## Body colours

Green Bronze Metallic (C31)

Quartz White Pearl (W81)

Blade Silver Metallic (U33)

Graphite Grey Metallic (U28)

Jet Black Mica (X37)

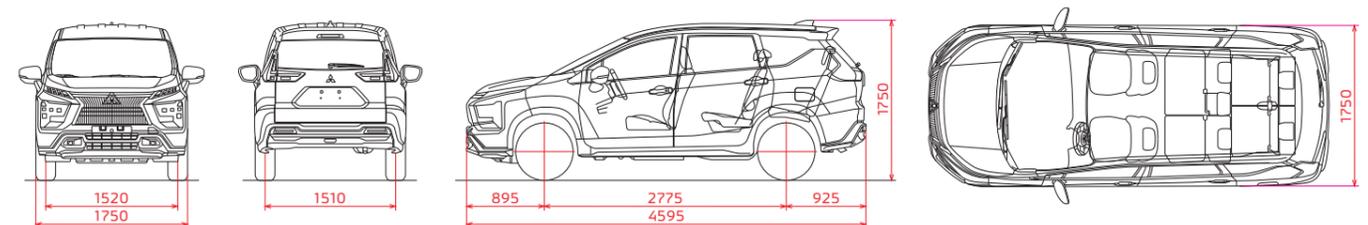

Red Metallic (P26)

Note: Colours shown may differ slightly from actual colours due to the printing process. Please consult your local MITSUBISHI MOTORS dealer/distributor for actual colours. Some equipment may vary by market. Please consult your local MITSUBISHI MOTORS dealer/distributor for details.
